To Whom it may concern:

Pawleys Island Community Church recently hosted John Rosemond and his presentation of "Parenting by the Book." Though the event had an enormous impact on all who intended, the greatest impact may have been on me.

After years of hearing sermons on parenting, teaching from the Scriptures on parenting, having read many books on Christian parenting, and having attended seminars on Christian parenting, quite honestly I came to the seminar expecting a re-run of all that had been said for years about parenting in a Christian environment.

I have never been so wrong.

John's approach to the Scripture was fresh and inspired. His insight into the Word of God imparted life, hope and courage to those who attended. On several occasions during the day John would refer to a passage of Scripture that would leave me thinking, "what does that have to do with parenting?" As he unfolded the passage I found myself saying, "why didn't I ever see that?"

John Rosemond has a voice that needs to be heard in the Christian community and beyond. The Biblical truths that he expounds are relevant and practical to all parents and those who lead children.

We will have John Rosemond back at Pawleys Island Community Church to continue the great work that was begun from "Parenting by the Book."

Sincerely,

Don Williams
